

## Patient Journey App - Breast Cancer Kent

### 1 Welcome

#### Everything we think you need to know about breast cancer

Don't worry yourself by searching the web for information. Written by your doctors and nurse. For you.

#### Share this app with family and friends

We recommend sharing this app with your friends and family.

Once downloaded onto their device, they will also receive important updates and reminders about your treatment.

**Information  
you can trust.  
When you need it.**

The facts you need about  
breast cancer, on your  
phone or tablet.

The Breast Cancer Kent Patient Journey App provides you with information about diagnosis and treatment, written by your doctors & nursing team.

Choose to show all the content or just select the information you need.

Important information about your treatment is shown on a timeline. The interactive timeline sends you push notifications and reminders about the next steps in your patient journey, when you need them.
